

Denton County Master Gardener Association

Mission Statement: To educate and inspire Denton County residents through research-based horticulture, to promote eco-friendly gardens and enduring landscapes that enrich our communities.

Our vision is to grow a healthier, greener Denton County.

Our motto is: Grow with us!

Established in 1989, the DCMGA volunteer program is administered by the Texas A&M AgriLife Extension Service through their Horticulture Agent here in Denton County.

From the Texas A&M AgriLife Extension - Texas Master Gardener [website](#):

“The Texas Master Gardener program’s strength lies in its ability to meet the diverse needs of the individual communities it serves. By combining statewide guidelines with local direction and administration, the program offers the flexibility necessary to keep it a vital and responsive organization that serves all of Texas.

Master Gardeners are members of the local community who take an active interest in their lawns, trees, shrubs, flowers, and gardens. They are enthusiastic, willing to learn and to help others, and able to communicate with diverse groups of people.

After completing special training in horticulture, persons who become Master Gardeners contribute time as volunteers, working through their AgriLife Extension office to provide horticultural-related information to their communities.”

Texas A&M AgriLife Extension Service provides equal opportunities in its programs and employment to all persons, regardless of race, color, sex, religion, national origin, disability, age, genetic information, veteran status, sexual orientation, or gender identity. The Texas A&M University System, U.S. Department of Agriculture, and the County Commissioners Courts of Texas Cooperating.
